DETAILED ACTION

Claim Rejections - 35 USC § 112

1. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

2. Claims 8 and 22 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention. Namely, dependent claim 8 states that an emission is to be determined by applying a formula: $\text{Emission} = \text{Volume}/\text{Pressure}$, however, neither claim 8, nor independent claim 7 from which claim 8 depends states how the volume is calculated. Independent claim 7 states "size" of a bubble, but it appears that relates to a dimensional value, such as diameter. Dependent claim 22 (from claim 8) states how the volume is calculated, but it needs to be incorporated into claim 8 to provide definiteness.

Allowable Subject Matter

3. Claims 7, 9-21, 23 and 24 are allowed over the Prior Art of record.

Conclusion

4. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO

MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
